

Etarmis Lite

Integrated Time Recording and Access Control

Time Recording

Etarmis Lite – the reliable, cost effective solution that saves you time and money

At hfx, we understand that sometimes all you want is an easy to use, no frills time recording system. Etarmis Lite is just that. Based on the main Etarmis system, Etarmis Lite contains many of the most popular features that our 4,000 customers use, including:-

- Multiple daily patterns and working schedules
- Four weekly or monthly accounting period
- Five absence reasons
- Manual bookings input
- Four comprehensive reports
- Lunch penalty option
- A booking terminal
- A card for each employee

What if our requirements change?

Available for up to 200 staff, your Etarmis Lite system can be expanded to meet your increased staffing levels.

And should your working or technical requirements change, you can always upgrade to the full Etarmis system just by changing your license- whilst utilising your existing hardware.

The screenshot displays the Etarmis Lite software interface. On the left, a table shows a list of bookings with columns for Date, Bookings, Comments, Booked, Worked, SA, Target, Balance, and Comments. The table includes data for various dates from 10/03/2014 to 29/03/2014, with entries for 'Sun', 'Mon', 'Tue', 'Wed', 'Thu', 'Fri', and 'Sat'. A 'Presence Board' window is overlaid on the right, showing a grid of employee status cards. Each card includes the employee's name, office, department, and booking status (e.g., Present, Absent). The employees listed are Bob Dent, Terry Bond, Adam Shepherd, Paul Sullivan, John Whitty, Chris Roberts, Mick Warhead, Dave Pridland, Graham Reesitt, Sarah Rogers, David Byford, and Rachael Greenbank.
